

Curriculum Vitae (簡歷請至多 1 頁)

Chinese Name :	陳建華
English Name :	Jiann Hwa Chen
● Institution and Current Position :	
Director, Division of Gastroenterology and Hepatology, Taipei Tzu Chi hospital Chief, center of preventive medicine, Taipei Tzu Chi hospital	
● Education (Academic Degree) :	
Taipei Medical University, bachelor's degree	
● Publications (within 5 years) :	
1. Chen JH, Wang HP. Endoscopic Retrograde Cholangiopancreatography education and training. Digestive Endoscopy DOI: 10.1111/den.14702	
2. Hsiao TH, Wu CC, Tseng HH, Chen JH. Synchronous but separate neuroendocrine tumor and high-grade dysplasia/adenoma of the gall bladder: A case report World J clin cases 2022 Mar 6;10(7):2322-2329	
● Brief biography (within 300 words) :	
Dr. Chen is interested in interventional endoscopy including endoscopic retrograde cholangiopancreatography (ERCP), endoscopic ultrasonography (EUS), fine needle aspiration (EUS/FNA) and endoscopic submucosal dissection (ESD). I ever received short term interventional EUS training at the University California Irvine medical center by Professor Chang in 1999. I was the organizer of Taiwan Therapeutic Endoscopic Workshop (TTEW) from 2012 to 2019. I was the general secretary of Digestive Endoscopy society of Taiwan from 2016 to 2018. I was also the Co-organizer of Taiwan AEG interventional EUS workshop 2020 which is held in Taitung on November 13, 2020. The topic is EUS-guided Drainage and contrast enhanced Harmonic EUS. I ever won the prize of best poster of EUS summit in 2021. Nowadays, I am devoted to the interventional EUS for liver disease and the pancreatic ablation therapy. I am the chief of division of gastroenterology and Hepatology and the director of endoscopic unit and preventive medicine center of Taipei Tzu Chi hospital.
