

Curriculum Vitae

	Name in Full	Jae Min Lee
	Country	Korea
	Affiliation	Department of Internal Medicine, Gyeongsa ng National University Changwon Hospital, Gyeongsang National University College of Medicine, Changwon, Korea
	Email	01179jm@naver.com

Educational Background

2014.3~2016.2: Gyeongsang National University College of Medicine Graduate School (Ph.D) → Completion 2006.3~2008.2: Gyeongsang National University College of Medicine Graduate School (M.S)

1998.3~2004.2: Gyeongsang National University College of Medicine (M.D)

Professional Career

2020.3~present: Associate professor, Gyeongsang National University Changwon Hospital
2016.3~2020.2: Assistant professor, Gyeongsang National University Changwon Hospital
2015.3~2016.2: Medical professor, Gyeongsang National University Hospital
2014.3~2015.2: Assistant professor, Myongji Hospital
2013.3~2014.2: Fellowship in Seoul National University Hospital
2012.3~2013.2: Fellowship in Gyeongsang National University Hospital
2005.3~2009.2: Resident in Gyeongsang National University Hospital
2004.3~2005.2: Internship in Gyeongsang National University Hospital

Research Field

Gastroenterology & hepatology

Published articles (in recent four years)

1. Nonalcoholic Fatty Pancreas Disease. Korean J Pancreas Biliary Tract. 2023;28(4):95 -102.

Innovate, Collaborate, Inspire

International Pancreatobiliary Meeting 202

- 2. The association between smoking, changes in smoking behavior, and acute pancreati tis: A population-based cohort study in Korea. J Gastroenterol Hepatol. 2023;38(3):4 51-459.
- 3. A population-based cohort study on risk factors for acute pancreatitis: A comparison by age group. Pancreatology. 2023;23(3):321-329.
- 4. Revised clinical practice guidelines of the Korean pancreatobiliary association for ac ute Pancreatitis. Gut Liver. 2023;17(1):34-48.
- 5. Clinical features of hepatitis C virus-related acute-on-chronic liver failure in a Kore an population. Korean J Gastroenterol. 2022;80(4):169-176.
- 6. Clinical characteristics and outcome of iatrogenic colonic perforation related to diag nostic vs. therapeutic colonoscopy. Surg Endosc. 2022;36(8):5938-5946.
- 7. Acute hepatitis E virus superinfection increases mortality in patients with cirrhosis. BMC Infect Dis. 2022;22(1):62.
- 8. Revised clinical practice guideline of Korean pancreatobiliary association for Acute pancreatitis: initial treatment, nutritional support, convalescent treatment. Korean J P ancreas Biliary Tract. 2022;27(1):22-31.
- 9. Impact of non-hepatic hyperammonemia on mortality in intensive care unit patients: a retrospective cohort study. Korean J Intern Med. 2021;36(6):1347-1355.
- 10. Impact of acute kidney injury on mortality in patients with acute variceal bleeding. BMC Gastroenterol. 2021;21(1):290.
- 11. Impact of acute kidney injury on survival in patients with chronic hepatitis C: a ret rospective cohort study. BMC Infect Dis. 2021;21(1):301.
- 12. Factors associated with complete clearance of difficult common bile duct stones afte r temporary biliary stenting followed by a second ERCP: a multicenter, retrospectiv e, cohort study. Endoscopy. 2020;52(6):462-468.
- 13. Clinical significance of endothelial progenitor cells in patients with liver cirrhosis w ith or without hepatocellular carcinoma. Eur J Gastroenterol Hepatol. 2020;32(1):87-94.
